

Joost Industrial, Inc.

Sales & Service – Vacuum & Compressed Air

Vacuum Pumps • Blowers • AirKnife Drying • Filtration (1/10)

ELMO RIETSCHLE / GARDNER DENVER

[Vacuum Pumps • Compressor Pumps • Central Systems](#)

Oil-free and Oil-lubricated pumps and central systems. Vacuum to .2 Torr. Pressure to 32 PSI. Rotary Claw, Rotary Vane, Radial, Side-Channel & Regenerative Blowers. New and rebuilt pumps in stock for same-day service. Rental vacuum and pressure pumps available. Complete repair and trade-in service. Authorized warranty repair center.

REPUBLIC BLOWER SYSTEMS

[AirKnife Equipment • In-Line Drying Systems • Centrifugal Blowers](#)

High velocity AirKnife drying and cooling applications. Air/gas delivery up to 2400 CFM at pressures up to 110" WG. Airspeeds to 39,000 FPM, 1-40hp motors, single-stage impeller design; the most compact blower in its class. Other automated systems include: H.E.P.A. Filtration, Airwipe Collar, Helical Drum drying systems, and custom systems. All AirKnife systems come with performance guarantees.

[Regenerative Blowers • Vacuum Pumps](#)

Explosion-Proof and TEFC motors. Ring and Side-Channel blower technology. Single and Two-Stage blowers for vacuum and pressure. Very competitive O.E.M. pricing. Air/gas delivery from 50 - 776 CFM. Pressures to 307" WG. Vacuum to 235" WG. Complete rebuild service and authorized warranty repair center.

SUTORBITL • DUROFLOW • CYCLOBLOWER • HELIFLOW / GARDNER DENVER

[Positive-Displacement Blowers & Vacuum Pumps](#)

Oil-Free Lobe Blowers and Vacuum Pumps. Vacuum to 24" HG and pressures to 20 PSI. Complete packaged systems for vacuum and pressure.

MANN FILTER PRODUCTS

[Air • Gas • Liquid • Oil Filtration • O.E.M. Replacement Filters](#)

A large inventory of filters for: Vacuum pumps, Blowers, Compressors, Printing Presses, Folders, CNC equipment, Oil exhaust canisters, Spin-on filters, In-line filters, Hydraulic filters, and many more. High quality replacement filters priced at 20%-80% below the original equipment manufacturers prices. Filters in stock for most air and oil applications.

DEKKER VACUUM TECHNOLOGIES

[Liquid-Ring Vacuum Pumps • Compressor Pumps • Packaged Systems](#)

Oil-sealed, Water-sealed, Single-stage motor-mounted and Two-stage liquid-ring pumps and packages. Capacities to 10,000 CFM. Authorized service and warranty repair center.

COMPAIR · HYDROVANE AIR & GAS COMPRESSORS

[Rotary Screw · Rotary Vane · Refrigerant Dryers · Desiccant Dryers](#)

A compressor for every application and price range, with several technologies to choose from. Speed-regulated rotary screw for maximum efficiency; Rotary-vane for maximum durability and value. Oil-lubricated and Oil-free screw compressors. Data logging, Sequencers, and Air System controllers; designed to maximize efficiency. Warranty repair and service on all compressors. Compressors available from 2 to 500 horsepower.

FS CURTIS AIR COMPRESSORS

[Reciprocating · Rotary Screw · Refrigerant Dryers · Desiccant Dryers](#)

Reciprocating air compressors, gas and electric driven. Engineered with heavy cast iron pump construction. A quiet, slow speed design, high flow stainless steel valve system. Full featured Rotary Screw systems. Oil-lubricated and Oil-free compressors. Speed-regulated and Direct-drive compressors. Compressors available from 2 to 300 horsepower.

BAUER AIR & GAS COMPRESSORS

[High Pressure Compressors · Breathable Air](#)

Breathable air and industrial High-pressure air and gas compressors. Pressures from 350 PSIG to 7000 PSIG. Compressors available from 3 to 150 horsepower and from 4 SCFM to 240 SCFM.

SUMMIT INDUSTRIAL PRODUCTS

[Synthetic Lube for all Compressors, Vacuum pumps & the Food Industry](#)

Full synthetic oils, Semi-synthetic oils, Food-grade and Kosher oils and greases. Bio-degradable oils, Hydraulic oils, Gas compressor oils, and many more. High-temperature Food-grade greases and oils for the food and beverage industries. Cross-over oils for almost every O.E.M. compressor oil at lower prices.

JOOST INDUSTRIAL INC

[Service · Repair · Installation](#)

Authorized warranty repair and service center. Factory certified technicians. Routine maintenance agreements. Fabricated packages, Remanufactured Blowers, Compressors and Vacuum pumps. Full service and repair facility. Field Service. Equipment installation. Application and Engineering assistance. Shop-Run-Test capability. Loaner and Rental vacuum pumps and compressors available.
